Command Quick Guides
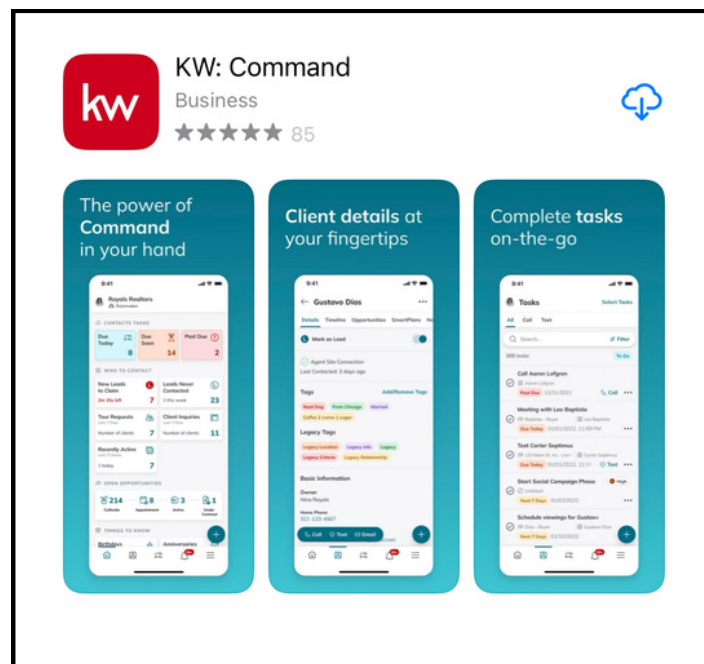

Your Guide to Command: Download and Log in to the Command App

Before you can log in and begin using the KW Command App, you will need to download it first. Search for KW: Command in the Apple App store or the Google Play store, then click download.

Access and Log In

1. After the Command App is finished downloading, find and open it on your mobile device.

2. Enter your Keller Williams login credentials, and click **Sign In.**

Troubleshoot Login Issues

1. If you've forgotten your Keller Williams password, click **Forgot Password**, then enter your username and click **Submit**.

2. Check your recovery email for a reset email. Your Recovery Email address is on file in White Pages. Once your password is reset, you will be able to log in right away.
